Fri 30th & Sat 31st May 1997

An original concept by Alison & Shawn Skinner

Culter Theatre Club is affiliated to N.O.D.A

This collection, an unabashed celebration of the fabulous talent of Lennon and McCartney, is nothing less than a memoir for a generation. And it holds something more than you might expect to find in music of the past - shades of the present! It represents a delicate resurrection of our own waning youth, reincarnated tonight especially for you.
