

Culter Theatre Club presents

JACK & THE BEANSTALK

A pantomime by Dave Buchanan

Welcome Panto lovers!

Can you believe that “Jack and the Beanstalk is CTC’s **20th** pantomime?

Even more incredible is that Alison and Jim, our produce and stage manager/Set builder respectively have been involved in everyone of them? Rita, who helped out with costumes is also one of our founders members!
Now.....that’s dedication for you!

We had a very hectic but enjoyable couple of months preparing for this week. You’ll spot a few “ **very weel kent** ” faces up there, but we are also pleased to introduce our new talented members.

I’d like to thank both the cast, for their hard work , dedication and good humour, and the production team, for their talent and tireless efforts, without which, none of this would be possible.

Now feel free to **laugh, cheer, clap, boo and singalong**.....in the correct order of course.

Enjoy the show!

Jen Cowie (Director)

I would like to dedicate the music to my dad and former guitar player Owen McPherson, who sadly passed away in September this year after a short battle with pancreatic cancer.

Sally (Musical Director)
